1. Vending machine update
 - Sean and Natalie met with a rep from one of the three different companies that service the building. (Staff Lounge)
 - Vendor sets the costs and said that prices are comparable to other districts.
 - Currently, we do not receive a cut of the proceeds, but rep will give 20% starting next year. That has the potential of \$500 - \$600 income for the building.
 - Sean spoke with Ty and Rick Wood about possibilities for this money and ways to give back to students.

2. Rolling Grades
 - Not the direction that the district is looking to move in currently. On pause for now.
 - There is potential for future implementation.
 - Is the 50% average accurate/equitable? Retakes should alleviate this.
 - 0-100 scale is inequitable (65 ways to fail, 35 to pass). The 50% is an attempt to keep students engaged.
 - Rating scale has been paused and is on the 3-5 year plan to revisit.
 - Focus is to be as consistent as possible with what has been implemented for now.
 - Grading Committee is at the district level, not building.
 - Teacher Leader meeting is the best avenue to share feedback and get information.

3. “Lock” Gradebook at the end of Quarters?
 - Need to gather more information.
 - Gradebook used to be locked at the end of the school year so parents/students were not able to see changes and to give teachers the opportunity to make adjustments.
 - Will revisit.

4. Wednesday Gathering – 2/28/24
 - Dumpling making presentation closed, games still open.
 - Trivia with Phil Gerhardt coming soon!

5. Parking Lot update
 - Staff lot will be closed beginning May 1st.
 - Cosgrove lot and the lot by the tennis courts will be available.
 - Sean will send out more information as available.

6. BPT Plan Evaluation – *tabled for 3/11/24 meeting*

Upcoming meetings: 3/11, 3/25, 4/15, 4/29, 5/13, 5/20, 6/3/24
